Grüezi and welcome to the SWISS BIOHEALTH EDUCATION CENTER

SWISS PRECISION AND RELIABILITY - also in continuing education and training?

ABOLUTELY! SDS SWISS DENTAL SOLUTIONS, the undisputed world market leader for ceramic implants, has created a unique setup in the context of the SWISS BIOHEALTH GROUP to provide you with the SWISS BIOHEALTH EDUCATION CENTER in a healthy, swiss-stylish, friendly, collegial ambience to give you a new home for your thirst for knowledge and your enthusiasm for your profession.

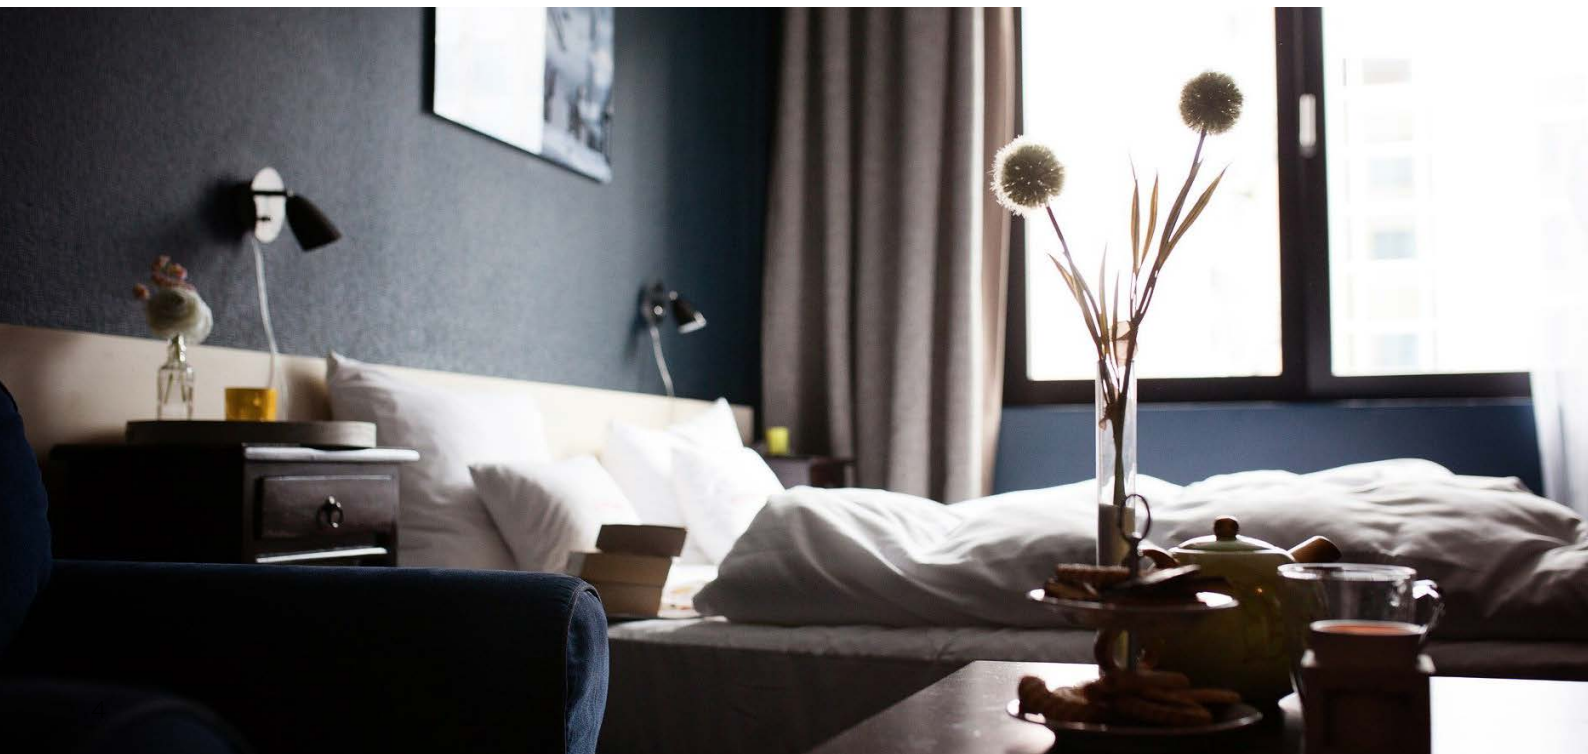

You want to reach the next level as an implantologist and prosthodontist as quickly and effectively as possible by „chunking“ courses and learning from the best in each field at a single location?

This is exactly what we offer you at our headquarters in Kreuzlingen, Switzerland, 100 meters from the German border! Knowing that you can never really absorb the meaning of a book if you only read a few pages once a month for a year, we have bundled each subject area, such as the BONE AUGMENTATION WEEK, in „chunks“, so that you will advance day by day and thus level by level in the respective area within a few days to a week to become an absolute professional in this area. This is based on the same wisdom as the fact that you will internalize a book much better if you read it in one go over a rainy weekend!

REGION / DESTINATIONS

MAINAU ISLAND (9 km)

Experience nature again and again, enjoy the uniqueness of each season and let your soul dangle: We would like to welcome you to Mainau Island for this purpose.

Lush blossoms all year round, a park with over 150-year-old trees, the baroque splendor of the palace and church, and the mediterranean character - that is Mainau, the flower island in Lake Constance.

Pic: Bodensee Tourismus / Achim Mende

REICHENAU ISLAND (11 km)

In the middle of western Lake Constance stretches the famous World Heritage Reichenau Island. It is an endearing world of its own, washed by water. Venerable island guardians are the three medieval churches. In between, vegetables, herbs and wine thrive in the market gardens, fields and vineyards. And with each ringing of the bells, the triad of this special, but completely unexcited island world resounds: naturalness, authenticity and closeness.

Pic: MTK / Achim Mende

MEERSBURG (by ferry about 6 km)

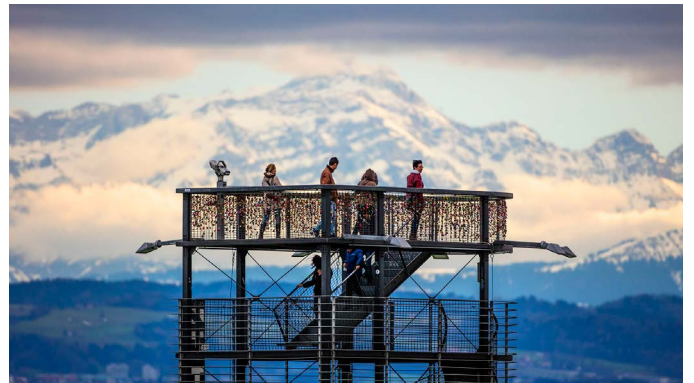

Meersburg is one of the members of the German Half-Timbered Houses Route - one of the major tourist routes in Germany. Around these representative buildings, which today are mostly open for viewing, are arranged the small alleys, the beautiful squares and magnificent panoramic terraces of Meersburg. In summer, cozy cafés attract visitors here, and the terraces of the New Castle and the castle offer the most beautiful views from above of the lake and - in clear weather - of the imposing mountain ranges of the Alps.

Pic: Bodensee Tourismus / Achim Mende

FRIEDRICHSHAFEN (by ferry about 30 km)

Friedrichshafen is also a city on the shore of Lake Constance. It is known for its important role in aviation history, which is detailed in the Zeppelin Museum. The lakeside promenade is lined with cafes. A steel tower on the harbor causeway offers views of the city and the Alps. The domed baroque towers of the castle church dominate the cityscape and can be admired from the air during sight-seeing flights by zeppelin.

Pic: Bodensee Tourismus / Achim Mende

SALEM (45 km)

The municipality of Salem, which has a population of around 11,500 and 11 sub-villages, is picturesquely situated in the Salem Valley, which is one of the most beautiful vacation landscapes in the Lake Constance area.

Salem Castle is one of the most outstanding cultural monuments in Baden-Württemberg. The extensive grounds include Europe's largest fire department museum and the 1,000 square meter wine cellar of the Margravian Winery.

Pic: Bodensee Tourismus / Achim Mende

STEIN AM RHEIN | SWITZERLAND (30 km)

The charm of the medieval town immediately captivates the visitor. The facade paintings are world-famous, almost as much the culinary offer and the range of shopping trouvailles. High above the old town sits Hohenklingen Castle with a breathtaking view over the Hegau, Lake Constance and the Rhine landscape.

WINTERTHUR | SWITZERLAND (45 km)

Winterthur is a Swiss city located northeast of Zurich near the German border. The city's museums include the Fotomuseum Winterthur and the Swiss Science Center Technorama. The Winterthur Art Museum displays modern art, including works by Picasso and Klee.

On a hill is the Rose Garden with hundreds of varieties of roses and views of the old town.

SCHAFFHAUSEN | SWITZERLAND (50 km)

Nestled in a paradisiacal landscape. Characterized by the Rhine, endless vineyards, dense forests and the hills of the Randen, as if made for hiking - that is the Schaffhauserland.

Or discover the 171 oriels of the old town of Schaffhausen, feel the fine spray of the thundering Rhine Falls on your skin and enjoy the fruity-fresh wines of the Schaffhauser Blauburgunderland.

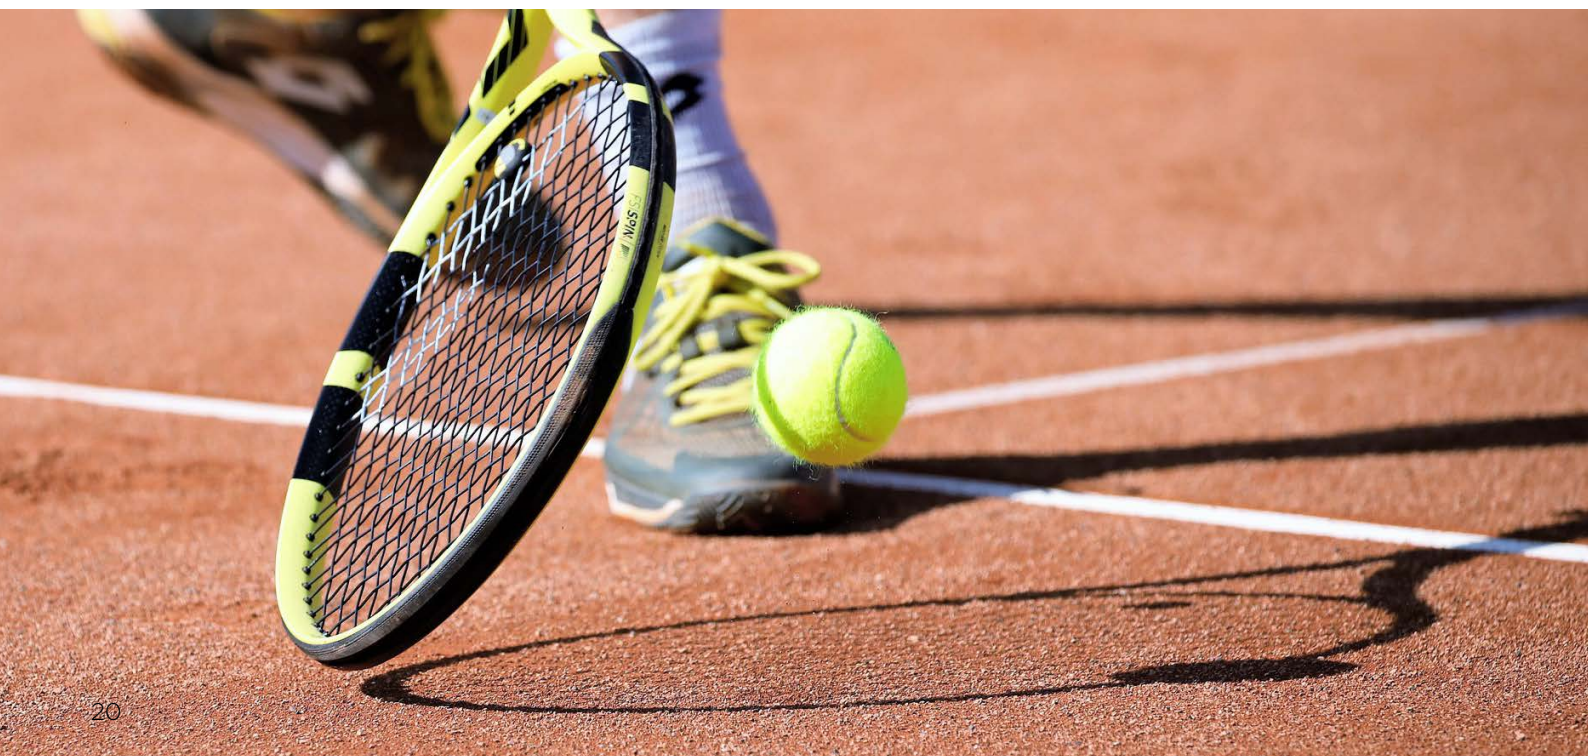

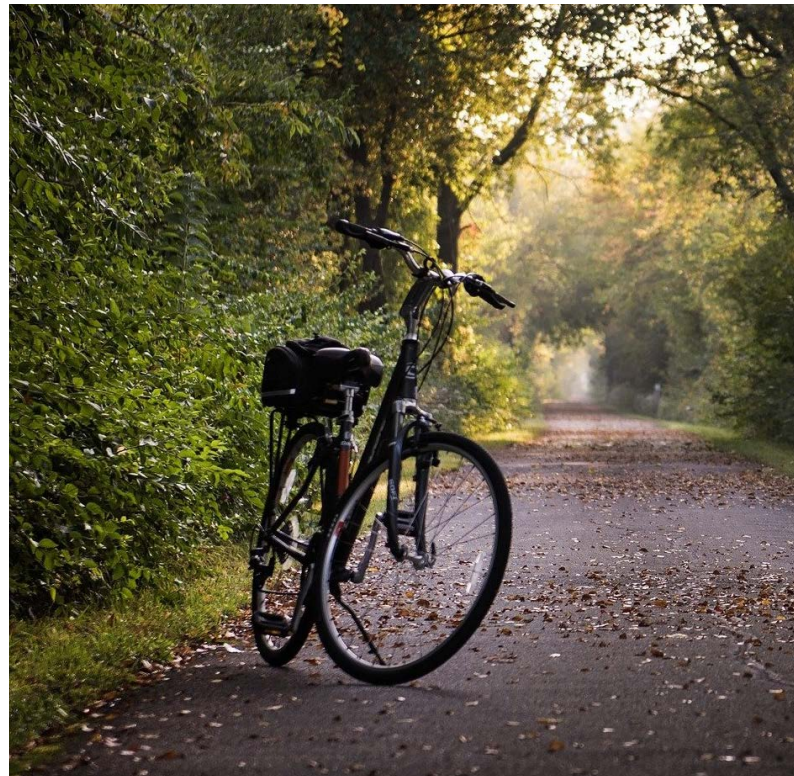

ZURICH | SWITZERLAND (65 km)

The city of Zurich is a global center of banking and finance, located at the northern end of Lake Zurich in northern Switzerland. The picturesque streets of the old town on both sides of the Limmat are evidence of the city's pre-medieval history. Waterfront promenades such as Limmatquai follow the river to the 17th-century city hall.

Bundesfeiertag is the official name of the national holiday of the Swiss Confederation. More common in standard Swiss German are the terms August 1 and Bundesfeier. It commemorates the Federal Charter, concluded at the beginning of August 1291. In the municipalities, celebrations take place in the afternoon or evening or in the evening,

with each locality maintaining its own traditions. In some places traditional costumes are worn. At nightfall, children light their lanterns and private or public fireworks are set off everywhere. On many mountain tops and heights, meter-high bonfires burn.
